The auditing services come into play via strategic partnerships by PTC to ensure longer-term opportunities for cost recovery and pre-departure savings. The 2 companies partnering with PTC are [Fare Audit Inc.](#) and [PaxFour](#)

PTC Founder Andrew Menkes said “PTC has always been supportive of neutral audits and our first audit was under the flag of Corporate Hind\$ight a decade ago, where we audited historical business class fare discounts for corporate clients. Johan Fugmann, Founder and CEO of Paxfour said: ‘Since 2012, we have been supporting clients in Europe in getting their rightful compensation in case of flight delays/ cancellations. We are very excited to expand our services to the US market as a proud partner of Andy and his team at Partnership Travel Consulting.”

About the Audits:

1. **Pre-Departure Audits:** PTC will provide live PNR audits at time of booking and/or time of ticketing:
 - a. Time of booking will be to audit the lowest fare quote from the TMC and a hotel audit to ensure the traveler booked the corporate rate (and identify when no hotel was booked). This is a GDS-based audit via Fare Audit Inc. PTC will become an equity partner in Fare Audit in 2025.
 - b. NDC audits will be done at time of ticketing to compare the ticketed fare to the fare offered on a carrier’s website for the exact same flights/dates/cabin class and inventory

bucket i.e. (C,D, J). This is a non-GDS audit supported by Cerebri AI as well as PTC staff that goes beyond NDC fares.

2. Cost Recovery Audits:

- a. Under EU regulation [EU261/2004](#) passengers are entitled to up to €600 in compensation per person, depending on the flight distance and the duration of the delay.

- b. PaxFour has signed an exclusive agreement with PTC to be their USA partner to secure cash compensation from airlines to corporate clients going back 3 years.
 - i. This auditing model can also be deployed for forward bookings as of January 1, 2025.
